**2009 H1N1 Influenza –
Lessons Learned for
Continuity of Operations**

Is your organization prepared for an H1N1 outbreak or other type of pandemic?

Do you understand that early recognition of the event AND notification of leadership is essential?

Will you be able to manage communications and evaluate the effectiveness of your distribution methods?

You will learn what steps need to be put in place to ensure contingency of people and resources... and what NOT to do;

You will learn to identify who should be involved in the planning;

You will learn how to identify what methods of communications are available.

This is a practical, hands-on "lessons-learned" presentation that will assist you in being prepared to handle an H1N1 and other types of outbreaks.

This meeting is also our Annual Meeting and Board Swearing-in Ceremony, which will take place prior to the presentation - and join in the pledge to abide by the Code of Professional Responsibility.
